

Kansas Association of RV Parks and Campgrounds

(KARVC)

2502 Mink Road
Abilene KS 67410

www.KSRVParks.com
CampKansas@KSRVParks.com

APPLICATION FOR NEW MEMBERSHIP

The dues calculation and a worksheet are attached to this application. Please return the completed application and worksheet, along with your full dues payment, to the address below. The KARVC Board of Directors will respond with their decision typically within 1 week of receipt.

If you scan and email this page to us, we will begin the review process while your original papers and payment are on their way to our office.

All parks must be owned by private-sector businesses or by individuals.

Application Provided By (Print & Title):

REMIT APPLICATION AND DUES TO: KARVC 2502 Mink Road Abilene KS 67410

KARVC will provide your contact's name and your campground's name, address, phone number, and email address to our Industry Supplier Members unless you otherwise inform us of your desire that one form or another be excluded from the Supplier's list (some prefer we not give the phone number).

Educational Tip: Remember, if a vendor sends too much info, you can opt out of their specific future correspondences directly with them.

PARK MEMBER DUES CALCULATION

The calculation includes your dues to both KARVC and the [arvc](#). You pay once and it covers your membership with both associations.

January - December 2016

RV parks with 25 or fewer campsites = (the number of sites x \$1.29) + \$323.70

RV parks with 26 or more campsites = (the number of sites x \$1.84) + \$323.70

January - December 2017 *

RV parks with 25 or fewer campsites = (the number of sites x \$1.33) + \$334.00

RV parks with 26 or more campsites = (the number of sites x \$1.93) + \$334.00

Examples of 2016 Prorated Calculations:

RV park with 20 sites = (20 x \$1.29) + \$323.70 = \$349.50

Divide \$349.50 by 12 to get the monthly rate. Now multiply that by how many months remain including the current month. Example: June would be 7 months and would come to \$203.88.

RV park with 55 sites = (55 x \$1.84) + \$323.70 = \$424.90

Divide \$424.90 by 12 to get the monthly rate. Now multiply that by how many months remain, including the current month. Example: June would be 7 months and would come to \$247.86

Example of 2017 Full Year Calculations:

RV park with 20 sites = (20 x \$1.33) + \$334 = \$360.60 for the full year of 2017

RV park with 55 sites = (55 x \$1.93) + \$334 = \$440.15 for the full year of 2017

* Members who pay in full by October 1, for the coming year, are then listed in the next annual edition of the printed *Kansas RV & Camping Guide*.

KARVC WORKSHEET FOR GOCAMPINGAMERICA LISTING

(If your text requires more pages, simply add them.)

Campground Name:

Physical Address:

Mailing Address:

Billing Address (although nearly all correspondences are sent via email):

Park Phone Number(s), including area code:

Park Email Address:

Contact(s) for Association Business (Name / Title / email / phone):
